

「国際学会」

〔Presidential Posters・最優秀金メダル受賞〕

- 1) Ishimoto K, Tanimura H and Tsunoda T : Preoperative staging of rectal cancer by EUS and two oblique Dimension MRI in order to decide the extent of intrapelvic lymphnode dissection. 11th World Congress of Gastroenterology, 9th World Congress of Digestive Endoscopy, 6th World Congress of ColoProctology, Vienna,Austria, 1998

「海外招待講演」

- 2) Ishimoto K, Tanimura H and Tsunoda T: Function preserving operation for rectal cancer based on preoperative staging by endorectal EUS and MRI by two oblique method.. 5th Central European Congress of Coloproctology and Viscerosynthesis, Brno, Czech Republic, 1999
- 3) Ishimoto K: Extended operation with pelvic autonomic nerve preserving for advanced rectal cancer. 3th International Colorectal Symposium, Zakopane, Poland, 1999

「ワークショップ」

- 4) Ishimoto K, Tanimura H, Tsunoda T, Umemoto Y and Ura K: [Workshop-Familial History Taking and Cancer Cliniccal Significance of family history of colorectal cancer as a risk factor in colorectal mass-screening. UICC Symposium Familial Cancer and Prevention Molecular Epidemiology, Kobe, Japan, 1997

「On-going Video Session」

- 5) IshimotoK, Tanimura H and Tsunoda T: Function preserving operation for lower rectal cancer based on preoperative MRI imaging by two oblique method. 100th Annual Meeting of the American Society of Colon and Rectal Surgeons. Boston, USA, USA

「一般演題」

- 6) Ishimoto K, Katsumi K, Aoki Y, Yukawa H, Sakaguchi M and Kido R: Deconjugating activity of bile acids in human intestinal contents. Internatinal Bile Acid Meeting -Bile Acids, Bile Secretion and Cholesterol Gallstones- . Tokyo, Japan, 1986_
- 7) Ishimoto K, Tanimura H, Masaki K, Murakami K, Uchiyama K and Ochiai M: Diagnostic significance of serum CEA and CA19-9 levels in colorectal cancers. UICC Kyoto International Symposium. Kyoto, 1993
- 8) Ishimoto K, Tanimura H, Murakami K, Ohnishi H and Yamade N: Preoperative staging by endoscopic ultrasonography on indication of intrapelvic lymphadenectomy for rectal cancer. 14th World Congress Collegium Internationale Chirurgiae Digestivae, Los Angels, USA ,1994

- 9) Yamade N, Tanimura H, Ishimoto K, et al : A new determination method of 3β -hydroxylated bile acid by high performance liquid chromatography in obstructive jaundice. 10th World Congress of Gastroenterology Los Angels, USA 1994
- 10) Ishimoto K, Tanimura H, Murakami K, et al : Mass screening improves prognosis of colorectal cancer in Japanese regional inhabitants. 5th Congress of the Asian Federation of Coloproctology. Seoul, Korea, 1995
- 11) Umemoto Y, Tanimura H, Ishimoto K, et al : Trial of a new fructo-oligosaccharide therapy against inflammatory bowel disease. 5th Congress of the Asian Federation of Coloproctology. Seoul, Korea, 1995
- 12) Murakami K, Tanimura H, Ishimoto K, et al : Preoperative evaluation of rectal cancer by endoscopic ultrasonogram. 5th Congress of the Asian Federation of Coloproctology. Seoul, Korea, 1995
- 13) Ishimoto K, Tanimura H, Murakami K, et al: Prognostic factors after hepatic resection for liver metastases of colorectal cancer. Internatiional Surgical Week ISW95. 36th World Congress of Surgery. Lisbon, Portugal, 1995
- 14) Yamade N, Tanimura H, Ishimoto K, et al: The clinical significance of 3β -hydroxylated bile acids in obstructive jaundice and after hepatectomy. International Surgical Week ISW95. 36th World Congress of Surgery. Lisbon, Portugal, 1995
- 15) Minami M, Tanimura H, Ishimoto K et al: Vitamin K metabolism and coagulative function after hepatectomy. International Surgical Week ISW95. 36th World Congress of Surgery. Lisbon, Portugal, 1995
- 16) Ishimoto K, Tanimura H, Murakami K, et al : Surgically repeated treatment of metastatic tumors from colorectal cancer. 15th World Congress of Collegium Internationale Chirurgiae Digestivae. Seoul, Korea, 1996
- 17) Ishimoto K, Tanimura H, Tsunoda T, et al: Intraoperatively local bowel irrigation for the prevention of postoperative infection in colorectal surgery. First Sino-Japanese International Symposium on Surgical Infection, Chongqing, China, 1996

- 18) Ishimoto K, Tanimura H, Sakaguchi S, Kinoshita H, Iwakura S and Ochiai M: Effective antibacterial colon preparation in colorectal surgery based on transition of antibiotics into colonic wall and bacteriological study 20th International Congress of Chemotherapy, Sydney, Australia, 1997
- 19) Ishimoto K, Tanimura H, Tsunoda T, Murakami K and Yukawa H: Long term results of patients receiving sphincter preserving operation for rectal cancer 37th World Congress of Surgery of the SS/SIC, Acapulco, Mexico, 1997
- 20) Ishimoto K, Tanimura H and Tsunoda T: Significance of lifelong surveillance of patients with colorectal cancer having a family history of digestive tract cancers. 11th World Congress of Gastroenterology, 9th World Congress of Digestive Endoscopy, 6th World Congress of ColoProctology, Vienna, Austria, 1998
- 21) Ishimoto K, Tanimura H, Umemoto Y, et al : Improvement of intracolonic environment in IBD and hemodialysis patients by peroral administration of fructooligosaccharides or bifidobacterium capsule. 11th World Congress of Gastroenterology, 9th World Congress of Digestive Endoscopy, 6th World Congress of ColoProctology, Vienna, Austria, 1998
- 22) Ishimoto K, Tanimura H, Tsunoda T, et al: Perineal reconstruction with gluteus maximus myocutaneous rotation flap after resection of anal cancer. 5th Central European Congress of ColoProctology and Viscerosyntheses, Brno, Czech Republic, 1999
- 23) Ishimoto K, Tanimura H, Tsunoda, et al : Preoperative two oblique dimension MRI for guiding intrapelvic lymphadenectomy for lower rectal cancer. 38th World Congress of Surgery of the ISS/SIC, Vienna, Austria, 1999
- 24) Ishimoto K, Tanimura H, Tsunoda, et al: Function preserving operation for lower rectal cancer based on preoperative MRI imaging for intrapelvic lymphnodes. 17th World Congress of Collegium Internationale Chirurgiae Digestivae. Hamburg, Germany, 2000
- 25) Ishimoto K, Tanimura H, Tsunoda, et al : Risk factor of the second cancer and its target organ after curative surgery of colorectal cancer. 17th World Congress of Collegium Internationale Chirurgiae Digestivae. Hamburg, Germany, 2000
